Regional Coordination Group for Baltic Sea

What is a RCG?

It is the main hub for regional coordination and cooperation within the different sea basins or specific type of fisheries contributing to the EU fisheries Data Collection Framework.

Terms of Reference (ToRs)

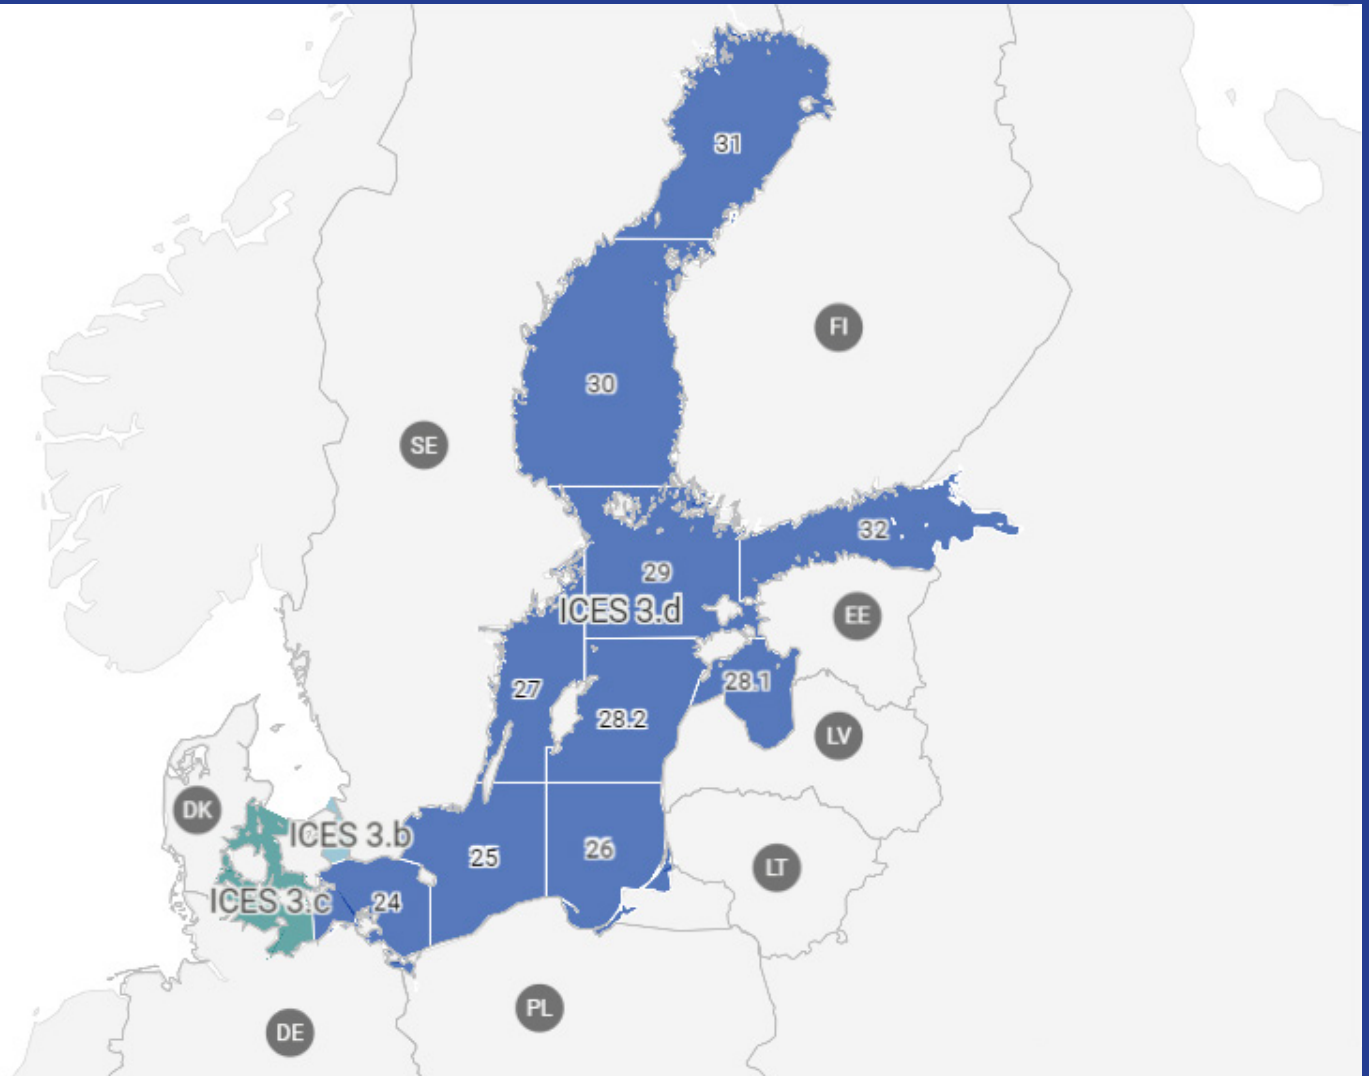

- > **ToR 1:** Propose ways to improve the alignment between data collection and end-user needs (by region).
- > **ToR 2:** Implement and maintain data quality in data collection.
- > **ToR 3:** Review impact on management measures on data collection.
- > **ToR 4:** Development and implementation of Regional Workplans.
- > **ToR 5:** Propose ways to improve the regional coordination and feedback on regional issues.
- > **ToR 6:** Support of ToRs
